A photograph of a room with a window and a stool. The window has decorative ironwork and is set in a white wall. To the right, a wooden stool stands against a white brick wall. The floor is concrete. A semi-transparent orange rectangle is overlaid on the left side of the image, containing text.

# ABOUT TIMELESS

The origins of Timeless date back to the middle of the XX century, when a passionate family of textile and furniture producers realized it was the time to restore the lost values: they decided to flight back in favor of the nature.

This way they did then the first baby steps to start the long journey of sustainable design they were pioneering.

# DESIGN MINDSET

Timeless Natura was born in 2017 as a high-end furniture brand with a conscious and coherent design, made out of a team of passionate young professionals.

In Timeless we are eager to produce unique pieces of furniture, at which every detail matters: we are passionate people in this town of Spain and we do love what we do.

## ETHICS & SUSTAINABILITY

We create with values, combining tradition with innovation. Timeless constantly works to minimize any negative impact in our society as in nature, making a constant effort to contribute to improve human well-being, social justice and our planet's health.

Every single piece of furniture that Timeless Nature produces is made of natural woods that have the FSC Certification, as well as materials that have a sustainable and ethical origin. They are all personally selected and made in Spain.

# LIKE NATURE

Our roots go back to the mid-20th century, when a family of passionate manufacturers took the first steps in sustainable design, convinced of the need to preserve the principles of nature.

We are manufacturers, and we produce all designs with certified natural woods and sustainable materials, personally selected and 100% manufactured in the EU.
